

6/6/2024					
tsw					
meeting began 3:00 pm					
meeting ended 5:30 pm					
	Road Name	2024 findings	2023 findings	Last Maint action before 2023 road trip	current condition of road
1	Agate Ln	big dip in road. Will rake sticks off gravel. Need to put up No ATV sign. Residents can contact county if they want to cut up pine trees for firewood. In front of address n442 - minor dip and check culverts.	no turn around for snow plowing, check for right of way, .01 mile might need layover to even out bump area		bumps by culverts
	Arbutus Ct now Rocky Point Ct				good shape
5	Arbutus Dr	culvert has been replaced & needs blacktop cover - needs culvert replaced - need price - before boat launch, camper (Hundt) - n551 - how big is lot? Camper ok? N534 camper review, discusiion of possible campground?, n377 - culvert needs to be reshot, plan needed to get water to flow properly n377,	ATV sign needs to be set up, n468 will be putting a culvert - will be handled by owner, patched on corner		good shape
	Arbutus Ln now Allison Ln				good shape
3	Arnold Creek Rd	culvert to be lowered, trees to be cut back out of road,	branches - trees to be picked up,		good shape
	Bachelors Ave	bachelors and gaylord need a couple loads of gravel. 1 mile to the blacktop - need gravel too. Maybe start with 4 inches on Bush. Spread 3-4 loads to fill holes.	gravel needed in low spots, dig out logging trench, 15 loads from beginning to stop sign on Gaylord, close ATV turnaround, replace sone signs, likely use 1.25" rocks - not .75, logger should be paying for some repairs - due to logging trail repairs needed to road,	last time graveled was with Arnold Creek bridge, large rock on top half last year	
	Ballard Rd			4-5 years ago - gravel	good shape
	Beach Ln				tbird to stop sign by Dilly's

	Bruce Mound Ave		perhaps need thin coat, marked upper edge with white spray, about .2 miles, marked lower edge with white paint, could get it bid out, couple trees by the road		pretty good shape until just both sides of n337.
7	Bush Rd	some previously marked low spots on road need to be remarked and measured for quotes for fill in between J and Riviera. Recommendation for blacktop millings from J to just past dumps. Down to sand - how many loads of gravel might be needed for 4-6 in of gravels (6 inches 131 loads). 10 years if 6 inches.	need new ATV sign, need large (1 load) rocks to stop erosion at bridge, rest of road good to J, past Steve's marked with white paint - stretch of wheel sinkage past culvert (.3 mile) - marked with double white paint line, need to push back ditch by Riviera, need to replace culvert by Riviera, need rock above culvert, need priority,		
	CTH J				
	CTH K		pails of blacktop on corner to Riviera: patch hole in front of Stones Throw		
	Fisher Ave		need some patches		good shape
	Gaylord Rd		culvert problem, road settled when 2nd culvert removed, dump in some railroad ballast (2 in rock), need to fill in sinking area - perhaps 20 feet of overlay. Crossed Bruce Mound toward Nate, need to scrape back sand on road (by Tim Marek), Tim needs gravel, no culvert at W9190 - needed, need to address too old trailer by W9190, trees to be pushed back,	sealed a few years ago, some gravel 5-6 years ago	good shape - until past Cindy's (PO person)
	Gorman Ave (1)				
	Gorman Ave (2)				
2	Laguna Ave	tree along to be removed, blacktop to be added, hawk island to lower culvert at end of road and dig a trench to the lower side, culvert too high n434,	could put road to Agate to help snow plowing pathway, trees to clear		

	Maple Ln		special meeting needed for Maple. Road = replace first culvert - likely rotted.. 180 ft of blacktop 2 in thick - from red mark, fix 2 open patches, replace Tranberg end of culvert.		rest of road in decent shape
	Oakwood Pl				good shape
	Osprey Ln				osprey
	Pine Pl		trees picked up,		
	Pineview Rd				good shape
	Poertner Rd		needs gravel for ATV route:		did not look at - all sand
4	Resewood Ave	need to pay for some siding problems at n933, bad corner by Bump sign - maybe 60 feet of road for hot mix quote,	Levis to raise guard rail,		holes have been filled
	River Ln (1)				good shape
	River Ln (2)				gravel, we own up to the guardrail, pretty good shape
6	Riviera Ave	overlay early section to overlay hot mix. By corner on Riviera by pond - one rock and a trench to get water to flow... take out leaning tree, tree to push back in the woods, 2nd spot to overlay - skim and then lay 2 inches on top, 3rd spot for hot mix, need a plan for the deep watery ditch, 4th area of hot patch - starts by oakwood, small wood fence by n475 to be removed, n503 has a camper, culvert by boat linding needs work - needs longer pipe and edge of road work, more campers (also Fawn ln camper). another camper across from N811. Heller culvert and water problem needs 5th hotmix by n904. health dept notice on garbage dump. gravel to be put by town sign.	culvert by n743 (4 ft) is collapsing, needs replacing and extending, need to take out tree and extend- with rock; need a culvert and drainage across the road from Hellers N864. next culvert before N878 need to be filled around - washed out around culvert, discussed 10 MPH for ATV from Heller past Riviera bar, culvert by N943 needs to be dug out for drainage - one side plugged - marked with white paint, perhaps a pedestrian marked walkway at Riviera bar to protect people, Need black top on Riviera on the north side of 95, seeing a few sites with multi junker cars, fill more holes on Riviera on first corner past Osprey toward Town Hall		
	Rouse Rd				

7	Sterling Ave	overlaid last year. Need more gravel before trees taken out. May need to double 4 ft culvert - too much flow. Sign has been moved to Kunes property. Pine tree and brush to be removed.	patches needed by Charlie, need a load of gravel, need to address trees, need to gravel turnaround, cut some trees, move back wood, get ahold of Steve Kunes and Yacky Dak acres to clear back for turnaround, discussed Charlie's concerns with resealing		patches on blacktop
	Thunderbird Ln		good shape		J to the stop sign
8	Trails End		good shape		
	Windy Point Ct		discussion of ice fishers walking thru edge of yard & blocking snow removal, Scheel to be contacted and neighbors - do you want no parking signs		good shape
		Total Miles			
10	fawn	past n219 - the camper needs to have conversation. Not a good candidate for snow plowing.
